

California's Proposition 65 Warning to California Residents

This warning is provided to comply with California's Proposition 65 product labeling law. Some products sold by Woodcraft Supply, LLC, DBA The Japan Woodworker, may contain chemicals known to the state of California to cause cancer, birth defects or other reproductive harm. Woodcraft Supply, LLC provides this warning based on its knowledge regarding the possible presence of one or more such chemicals, without attempting to evaluate the level of exposure.

WARNING: Some products may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

In addition, there are specific warnings for the following products:

Tools. California requires the following notice:

WARNING: Some dust created by power sanding, sawing, grinding, drilling, and other construction activities contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Some examples of these chemicals are:

- o Lead from lead-based paints,
- o Crystalline silica from bricks and cement and other masonry products, and
- o Arsenic and chromium from chemically treated lumber.

Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.

Electrical Cords. California requires the following notice:

WARNING: The wires of any product with a power cord may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

Buffing Compounds & Finishing Products: California requires the following notice on buffing compounds and finishing products that contain progesterone:

WARNING: These products may contain progesterone, a chemical known to the State of California to cause cancer. Consult with your physician before using this product.

Wood Dust. On December 18, 2010 California added wood dust as a substance known to the State of California to cause cancer:

WARNING: Drilling, sawing, sanding, or machining wood products generates wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection.
